Ref.: SC/PCB/SPP/21/468

Sir/Madam,

At its 40th session in November 2019, the UNESCO General Conference decided to prepare a draft recommendation on Open Science.

This was a major decision, the relevance of which has been confirmed by the current pandemic: as this period has shown, we need scientific cooperation for the good of all humanity, today more than ever.

The drafting process is ongoing and has now moved into the next phase. Pursuant to 40 C/Resolution 24 of the UNESCO General Conference, an intergovernmental special committee meeting (category II) of technical and legal experts will take place at UNESCO Headquarters from 10 to 12 May 2021.

This meeting will open discussions on the final report of the Secretariat, which will contain a draft of the Recommendation prepared on the basis of the comments received from Member States by the deadline of 31 December 2020. UNESCO will share this report by the end of March 2021, before the meeting.

Once the draft recommendation has been approved, the special committee will submit it to Member States in August 2021, with a view to its adoption by the General Conference at its 41st session. If necessary, an additional meeting of the special committee will take place in July 2021 to consider the final text of the draft.

Accordingly, I am pleased to invite your Organization to designate an observer with expertise in this field to represent your Organization at this intergovernmental meeting, and to communicate their name, by 15 March 2021, to the following address: openscience@unesco.org.

In accordance with the established rules for this category of meeting, travel and all other expenses related to the participation of experts in this meeting will be borne by the organization they represent.

Please accept, Sir/Madam, the assurances of my highest consideration.
