MESSAGE TO PARTIES AND OBSERVERS

Call for Inputs by the Katowice Committee of Experts on the Impacts of the Implementation of Response Measures

The COP, CMP and CMA by its decision 4/CP.25, 4/CMP.15 and 4/CMA.2, mandated the Katowice Committee of Experts on the Impacts of the Implementation of Response Measures (KCI) to receive input from experts, practitioners and relevant organizations in order to implement some activities in its workplan.

The KCI invites inputs (from Parties and observers), in line with specified outline and timeline, regarding the following activities of the workplan:

1. **Workplan Activity 9:** “Identify and assess the impacts of the implementation of response measures taking into account intergenerational equity, gender considerations and the needs of local communities, indigenous peoples, youth and other people in vulnerable situations” as per annex I by **31 January 2022**;
2. **Workplan Activity 5:** “Build awareness and understanding of Parties and other stakeholders to assess the economic impacts of potential new industries and businesses resulting from the implementation of response measures with a view to maximizing the positive and minimizing the negative impacts of the implementation of response measures” as per annex II by **31 March 2022**;

Distribution: To Parties and observer States to the United Nations Framework Convention on Climate Change through their national focal points and diplomatic missions accredited to the Federal Republic of Germany, United Nations Secretariat units and bodies, specialized agencies and related organizations, as well as intergovernmental and non-governmental organizations admitted as observers by the Conference of the Parties.

Page 2

3. **Workplan Activity 11:** “Facilitate, exchange and share experiences and best practices on the assessment of the environmental, social and economic co-benefits of climate change policies and actions informed by the best available science, including the use of existing tools and methodologies” as per annex III by **31 March 2022**.

The detailed information for the call for input is provided in annexes I, II and III.

Parties and observers are kindly requested to send your inputs to KCI@unfccc.int copying klata@unfccc.int. For more information, please visit the [KCI webpage](#).

Yours sincerely,

James Grabert
Director, Mitigation division

Annex I

Workplan Activity 9: “Identify and assess the impacts of the implementation of response measures taking into account intergenerational equity, gender considerations and the needs of local communities, indigenous peoples, youth and other people in vulnerable situations”

The deadline for the submissions is **31 January 2022**.

1. Parties and observers are invited to provide information on:
 - (a) Description of the policy or measure related to a pathway to holding the increase in the global average temperature to well below 2 °C above pre-industrial levels and pursuing efforts to limit the temperature increase to 1.5 °C above pre-industrial levels;
 - (b) Socioeconomic impacts of the policy or measure taking into account intergenerational equity, gender considerations and the needs of local communities, indigenous peoples, youth and other people in vulnerable situations, including a short description of tools and methods used to assess the impacts, and primary data and knowledge collection where appropriate.
2. In making submissions, respondents are requested to kindly structure their submission according to the structure in paragraph 1 above.
3. In addition, link(s) to actual studies may be provided for more information only.

Annex II

Workplan Activity 5: “Build awareness and understanding of Parties and other stakeholders to assess the economic impacts of potential new industries and businesses resulting from the implementation of response measures with a view to maximizing the positive and minimizing the negative impacts of the implementation of response measures”

The deadline for the submissions is **31 March 2022**.

1. Parties and observers are invited to provide inputs that:
 - (a) Introduce the new/emerging industries and businesses resulting from mitigation policies and measures;
 - (b) Describe the social and economic impacts of the new/emerging industries and businesses including short description of the method or tool used for assessment.
2. In making submissions, respondents are requested to kindly structure their submission according to the structure in paragraph 1 above.
3. In addition, link(s) to actual studies may be provided for more information only.

Annex III

Workplan Activity 11: “Facilitate, exchange and share experiences and best practices on the assessment of the environmental, social and economic co-benefits of climate change policies and actions informed by the best available science, including the use of existing tools and methodologies”

The deadline for the submissions is **31 March 2022**.

1. Parties and observers are invited to provide information related to following guiding questions:
 - (a) *Guiding question 1:* Which climate change policy(ies) and actions, informed by the best available science, were assessed for environmental, social and economic co-benefits and what were the co-benefits identified from your assessment?
 - (b) *Guiding question 2:* How such assessment was conducted? Were there any standards used? What are challenges and opportunities, and lessons learnt from these assessments?
 - (c) *Guiding question 3:* What actions were/are/will be taken based on the co-benefit assessment and what specific measures taken to maximize the co-benefits if any?
2. In making submissions, **respondents** are requested to limit their response to the guiding questions in paragraph 1 above.
3. In addition, link(s) to actual studies may be provided for more information only.
