

ASPIRATIONS & GUIDING PRINCIPLES

ASPIRATIONS

To amplify and elevate unified Pacific Voices in the sciences at national, regional and international levels

To be innovative and achieve multidisciplinary by expanding to all Science fields and foster research science leaders, providing a platform to widen pathways for the youth

To preserve and integrate Pasefika Scientific Research Knowledge and Excellence

Provide overwhelming support for Pasefika Science Academy and advocate for the community

ASPIRATIONS

Grow pipeline/sustainability for Pacific Sciences for Pacific Issues

To define merit and impact (research) within the Pacific context

Reframing/leading Pacific Science re-centre (e.g. own our own Pacific Scientific journal) and maintain Pacific Data sovereignty

GUIDING PRINCIPLES

Ethics

Pacific values

Sustainability

Research based

Governance

Partnership and
collaboration

Science
advocacy

Traditional
knowledge
