# Asia-Pacific Mentoring Program (APAMP)

2024

# Asia-Pacific Mentoring Program (APAMP)

## Program objectives

- Connecting Early Career Researchers (ECRs) from underrepresented communities in the Pacific with Academy Fellows or senior scientists from Australia, New Zealand, and the Pacific region.
- Building the mentees' capacity to become future leaders in academia.

## First phase – Pacific region 2024

Stage 1 (2024-2025): Focus on the Pacific Islands

## Expansion – Asia 2025

Stage 2 (2025-): Expand to include least developed countries in Asia

## Mentor, Mentee, and Champion Selection

- Call for mentees and mentors
- Program duration one year
- Monthly online meetings

## Science at the Shine Dome

In person kickstarter event in Canberra in September 2024
