China Association for Science and Technology

# ISC-CHINA

## How we organized for ISC

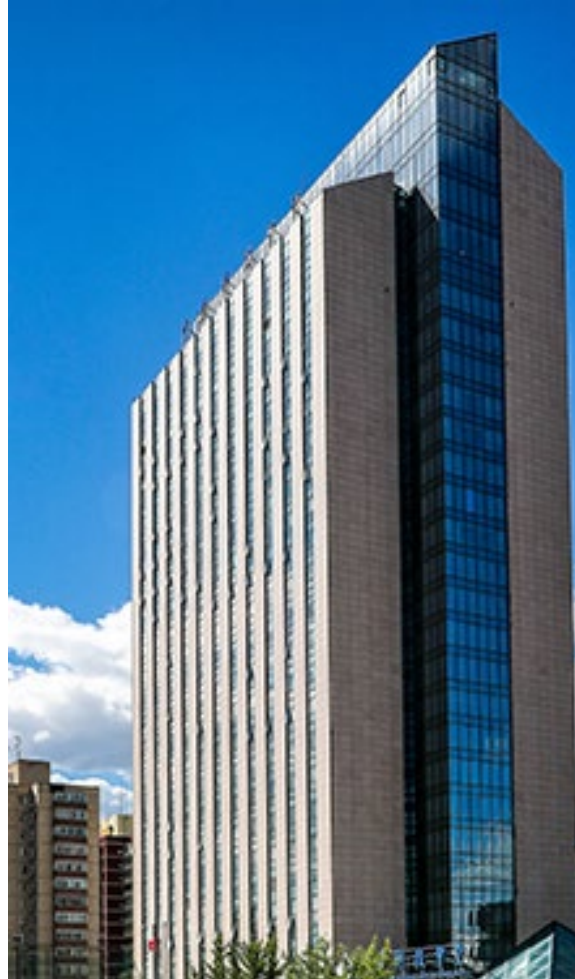

**Mr. QIN Jiuyi,**

*China Association for Science  
and Technology, CAST*

# China Association for Science and Technology (CAST)

## About

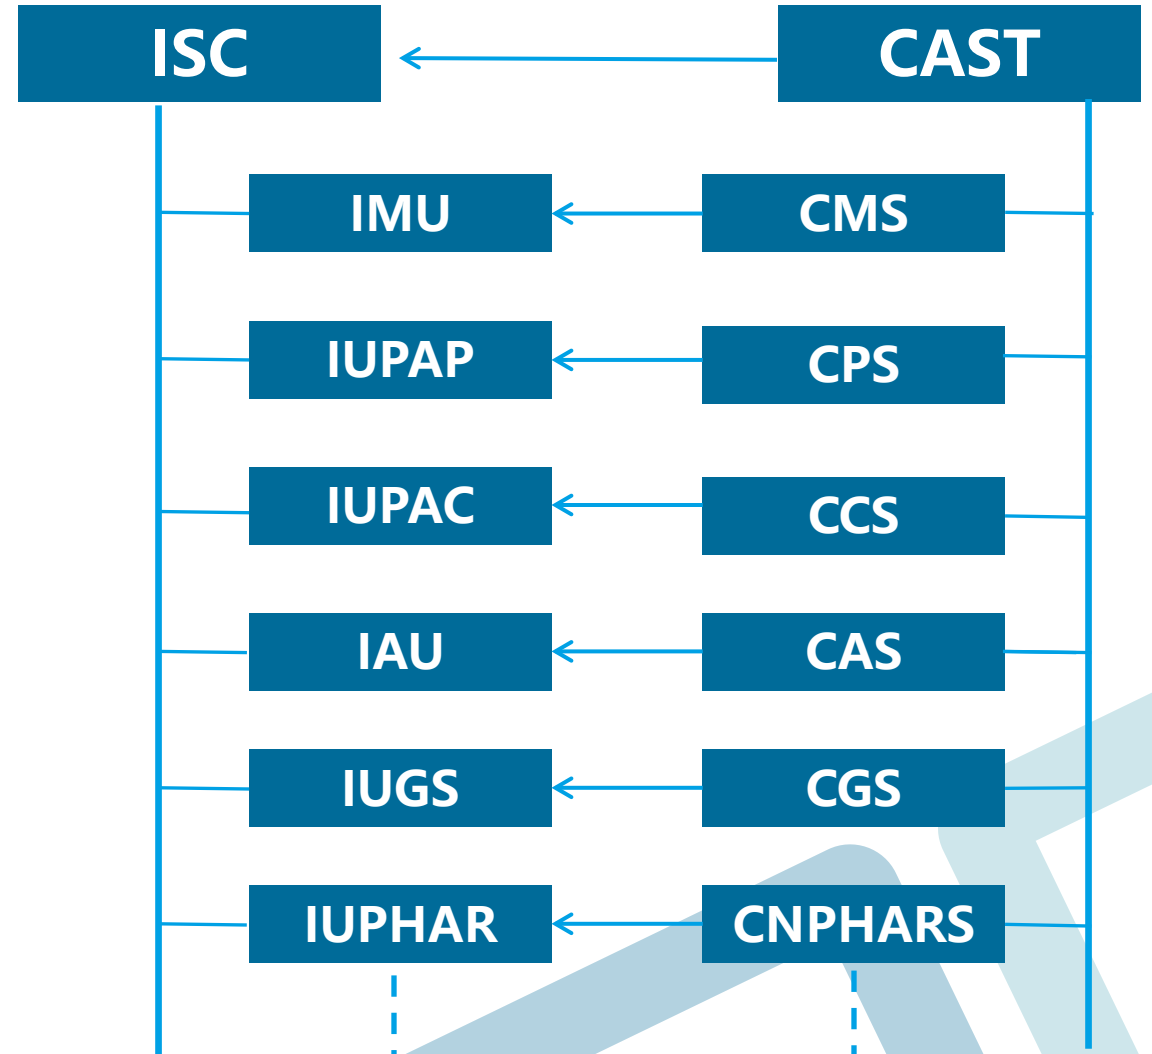

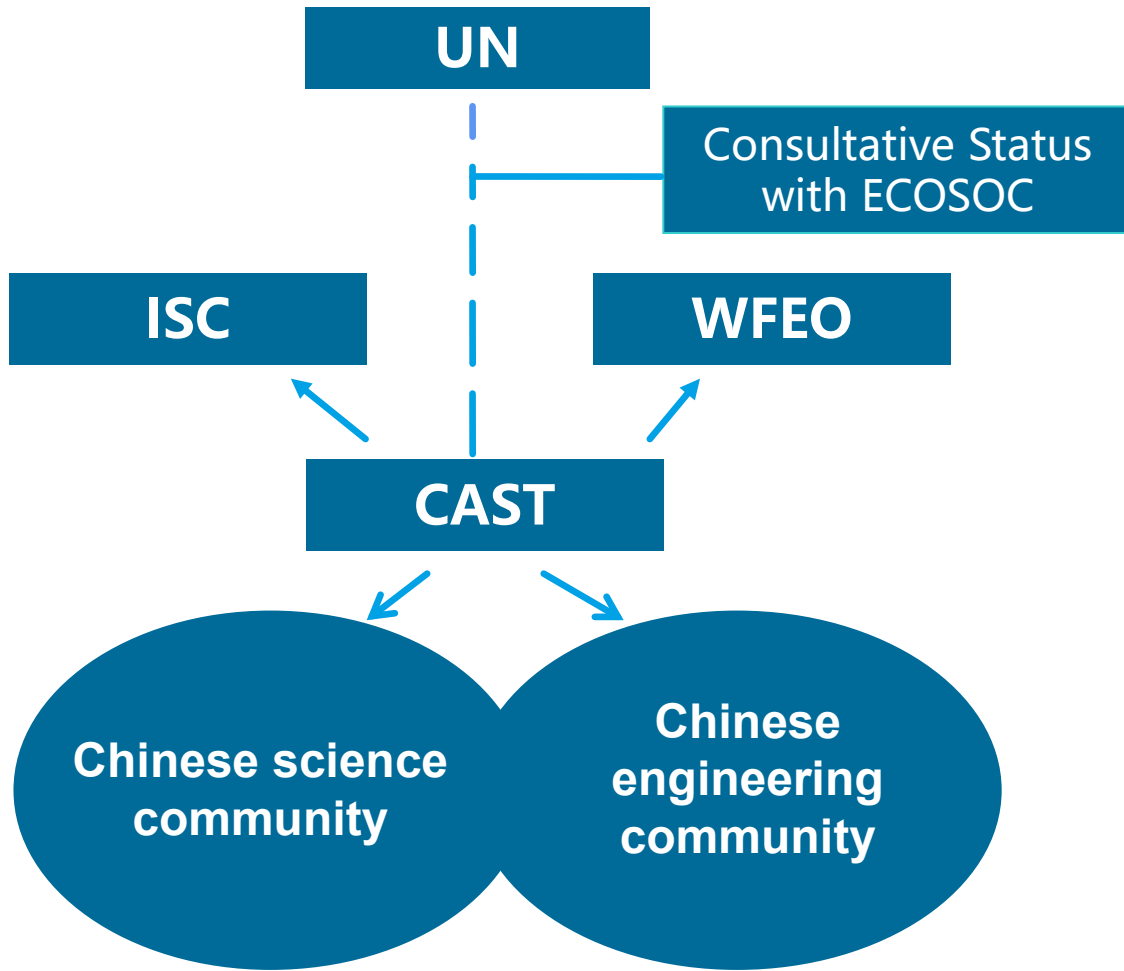

- China's largest sci-tech NGO, Founded in 1958
- Network: 218 national member societies and local branches all over the country
- Representing and serving science and technology professionals in China
- Category 2 member of ISC
- Consultative status with the Economic and Social Council of the United Nations

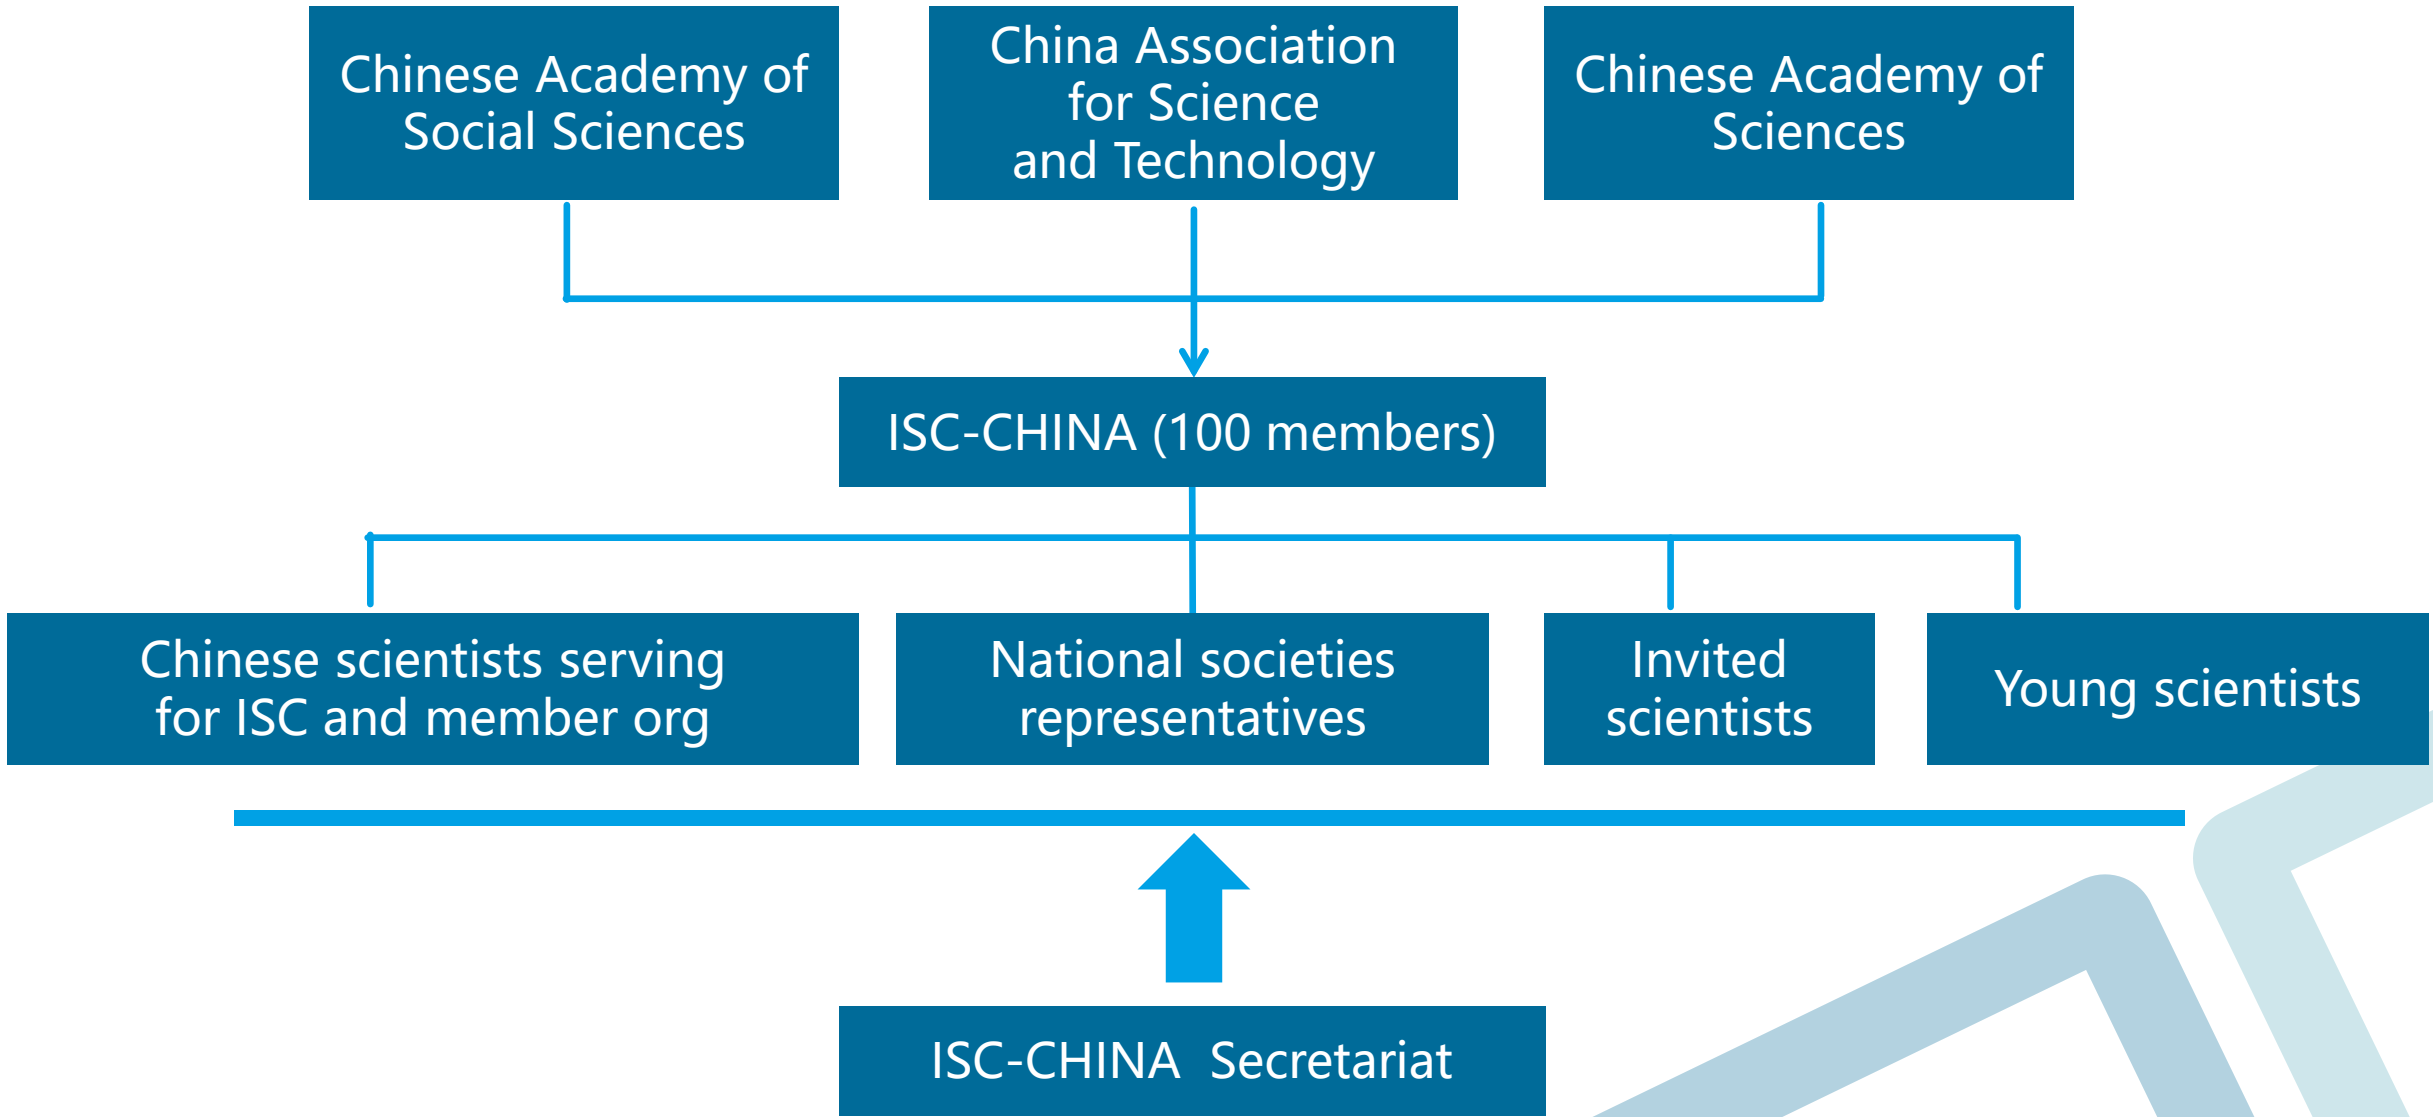

## Missions

- Promoting development of science, technology and innovation
- Improving public understanding of science
- Science for policy and policy for science
- Advocating spirit of scientist
- Strengthening international collaboration in science and technology

# CAST and International Organizations

# ISC-CHINA

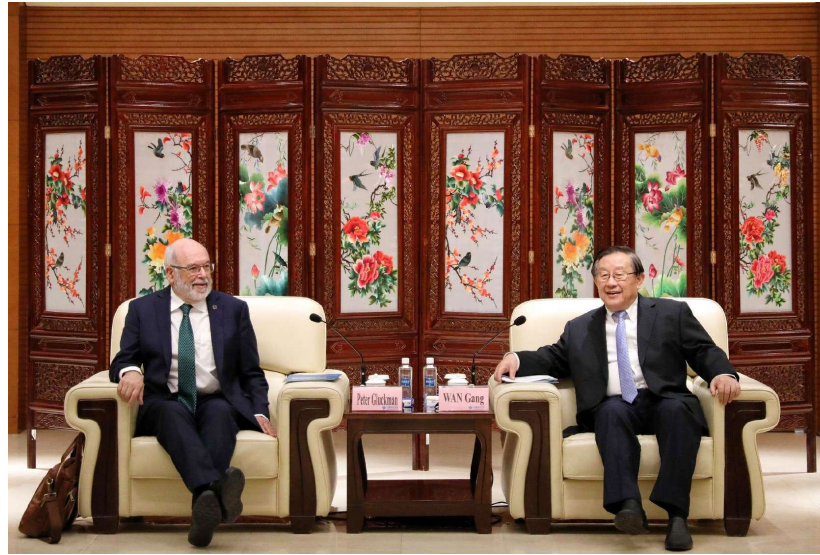

# Our work

- Annual meeting to coordinate the participation of activities initiated by ISC and its members.
- 7-8 working meeting annually to discuss and reach consensus on ISC specific key issues and to provide solutions and inputs to ISC.
- To recommend Chinese scientists to serve for governing positions at ISC and its members.
- To align joint effort in applying for the hosting of international programs and conferences initiated by ISC or its partners.
- **Secretariat:** To edit & distribute the ISC-CHINA eNewsletters, and use communication tools for smooth information flow.

# Highlights

- Exchanges between ISC and ISC-CHINA members
- Advancing Transdisciplinary Science
- Encouraging young scientists participation
