

Managing knowledge for impact, equity and sustainability

International Science Council General Assembly
29 January 2025

International
Federation of
Library
Associations and Institutions

... *Ensuring* that scientific data is generated, stored, managed and accessed in a way that facilitates the address of cross-domain grand challenges...

Muscat Declaration on Global Science

SPEAKERS

Vicki McDonald
IFLA President

Sharon Memis
IFLA Secretary-General

Session questions

1. What is the state of play (and direction of travel) on knowledge management for sustainability?
 2. How close are we to the goal of a shared knowledge base to power research?
 3. Who needs to do what to get there?
- 

YOUR QUESTIONS
